- Windows
- Doors
- Partitions

HOW TO SPECIFY:

- **Select glass name**
  GJ TwinGlaze Venetian
- **Product configuration**
  Glass thickness / colour / type
  Blind width
  Blind colour
  Control type

RANGE

GJ TwinGlaze Venetian is a range of insulated glass units with integrated venetian blinds, where the blind is protected from dust, dirt and is maintenance free. Blinds can be controlled by knob, cord, magnet slide or motor driven and can be supplied in tilt, raise and lower or tilt only options. These options allow the user to control light, heat and glare as well as privacy. Depending on glass types selected, GJ TwinGlaze Venetian can provide superior thermal performance when compared to standard insulated glass units. This product is ideal for use in offices, hospitals, motels, residential homes or areas where privacy and hygiene is important.

Model	Space	Slat Width	Function		Controls				
			Tilt	Raise & Lower	Knob	Wand	Magnet Slider	Cord	Motor[1]
