- BRB 566 (UK)
- FRA
- AS/NZS 2080

HOW TO SPECIFY

- Select
ShieldTek Rolling Stock
- Product configuration
Glass colour / type
- Size
- Shape
- Specification
- Standards Requirement

GJ ShieldTek Rolling Stock is a comprehensive range of products for the passenger rail and the rolling stock industry.

These products have been tested for compliance to AS/NZS 2080 Safety glazing for land vehicles, Federal Railroad Administration (FRA) or British Railways Board (BRB) Standards. GJ ShieldTek Rolling Stock can also be manufactured to meet other performance and/or aesthetic requirements upon request.

As a supplier to the leading rolling stock manufacturers, GJ ShieldTek has a reputation for consistent quality and precision that only an Australian made product can achieve. This quality has resulted in this product range being purchased by major rolling stock manufacturers in Australia.

In addition to supplying complete projects, local manufacture enables prompt delivery of small orders, replacement parts or custom size glass panels.
